

**The Telegraph & Argus is searching for budding artists to design a Christmas scene for this year's Christmas card that will be sold in aid of the Telegraph & Argus Bradford Crocus Cancer Appeal.**

The competition is open to children aged four to 14 with three age categories: four to six; seven to 10; and 11 to 14. Your design can feature anything you like as long as it has a clear Christmas theme. The winners of the three different age groups – as chosen by T&A readers – will each receive a **£100 voucher to spend on art materials**. The person creating the piece of artwork that is judged best overall from the three age group winners will receive an iPad, a £100 arts voucher and the privilege of having their design made into a Christmas card.

**How to enter:** All you have to do is paint or draw a colour Christmas scene complete with Christmas greeting. The picture (including the message) should be created on a landscape (wide) A4 sheet of paper.

Once completed, fill in the coupon below and send it to: **The T&A 2013 Christmas Card competition, c/o Charlotte Wood, Promotions Department, Telegraph & Argus, Hall Ings, Bradford BD1 1JR.**

Entries can also be handed in at the T&A Office, in Hall Ings, and at the offices of the Keighley News, in North Street, Keighley; the Ilkley Gazette and Wharfedale & Aireborough Observer, in Wells Road, Ilkley; and the Craven Herald, in High Street, Skipton.

**Your entry must reach us by 9am on Friday, November 8, 2013.** After the closing date, a panel of judges will pick the best entries from across the district to appear in a special T&A supplement on November 15 and readers will be invited to vote for their favourite by text or phone.

The winners will be announced in the T&A during week beginning November 18 2013 with the cards going on sale soon afterwards to raise valuable funds for the Telegraph & Argus Bradford Crocus Cancer Appeal which aims to raise £1 million towards the city's ground-breaking work to fight the disease.

12 years ago, T&A readers raised £1m towards building Bradford University's state-of-the-art Institute of Cancer Therapeutics (ICT), which has since made significant breakthroughs in the fight against cancer.

For this current Crocus Cancer appeal, the paper has joined forces with the University, Yorkshire Cancer Research and the Sovereign Health Care Charitable Trust to buy a high-tech mass spectrometer for the ICT - a machine which could hold the key to the University making a vital discovery in the war on cancer.

For more information on the research being done at Bradford University, visit [crocus.brad.ac.uk](http://crocus.brad.ac.uk)

**RULES:** The children of employees of Newsquest (Bradford) and their immediate families are not eligible to enter; the qualifying date for the age categories is the entrant's age at the closing date; the judges' decision is final and no correspondence will be entered into; the category winners will be those who receive the most public votes in the text and phone poll as at mid-night on November 16; all entries must be signed by an adult; all entrants must be willing to take part in all publicity in connection with the competition. Usual Newsquest (Yorkshire & North East) Ltd competition rules apply. Visit [www.newsquest.co.uk/terms](http://www.newsquest.co.uk/terms)
